

LEGO go

Hi, I am Jonny. I'm from Hlučín in Czech Republic. I am 2 weeks old and now I live in class 5.A so that I have 17 friends from 5.A class. We made together first assignment for you. Look below and try to match the particular face in the picture to the right name. Don't worry I made some descriptions for you so it would not be so difficult for you. Have fun and I would be happy to see your solution.
Yours Jonny
